RATHINAM

Rathinam Group of Institution is a premium Institution known for its unique quality of education. Rathinam College of Arts and Science (RCAS) is the institute that brings education, Information Technology (IT) Development, and Infrastructure Development under one roof. The Group offers various traditional and modern courses for students. It is a place where countless leading MNC companies recruit from well-educated, informed, and trained hands-on students.

RCAS makes it under India's top 100 institutions, secured 74th Rank in the BCA courses, 75th Rank in the Science courses, 99th Rank in the Arts courses, and 100th Rank in B.Com and BBA Courses. It has been accredited with an A grade by the National Assessment and Accreditation Council (NAAC) for the quality of education it provides. RCAS is ranked 150 by NIRF four times in a row. RCAS, in association with ICT Academy, has set up a sophisticated Dell EMC External Research and Academic Alliance for Data Science & Big Data.

INSTITUTIONS, TECHNOPARK & HOUSING

After making a healthy run in the industry for more than 20 years, Rathinam Group has expanded. Now it is called Rathinam Techzone. It is a campus with various institutions, encompassing the spectrum of Pre-KG to Ph.D. education and Technology Parks, including a Special Economic Zone (SEZ). More than 4000 students enrolled under the institutions and 14 companies located inside the IT Park and SEZ, backing more than 2500 employees. Rathinam Group also has multiple faces by pioneering education, Information Technology(IT) development, and infrastructure development (IT Park / Housing Development) in South Coimbatore.

The rapid technological advancements have created high demand for Information technologists, graphic designers, etc.

With a degree of B.Com in Information Technology,
You will be a **IT Wizard** with a plum job!

BACHELOR OF COMMERCE IN INFORMATION TECHNOLOGY

3 YEARS | PG COURSE

Any student who has qualified 10 + 2 or any equivalent examination from any recognized board or university with an aggregate of at least 50 per cent marks or more is eligible to apply for admission to this course.

ABOUT THE PROGRAMME

B.Com in Information Technology is a three-year undergraduate course that is a perfect blend of technology and commerce. It imparts to its students, design, development, implementation of information systems and computer hardware. B.Com is a comprehensive course studying information technology aspects like computing technology, information database, and complex computer network. It also comprises software development, software engineering, computer networking, designing outlays of information systems, C++ programming, etc.

SKILLS TO BE GAINED

- B.Com in Information Technology aims at imparting the students a thorough knowledge of mathematical concepts related to data manipulation, computer technology, and information technology.
- The course equips the students with an understanding of business as well as technology. The knowledge of technology and commerce, when combined, is an excellent criterion to get a premium job.
- It enables the students to work extensively in computer applications by educating them about programming, system development, IT Architecture, and management information systems.
