10. Grievance Procedure

The purpose of the Grievance Procedure is to assist in resolving workplace issues/ problems as they develop. We recognize that workplace challenges may arise from time to time and have found that the

best way of maintaining job satisfaction and good working relationship, is to follow a procedure for solving problems and grievances.

The procedure aims to provide all employees with a number of avenues to have their grievances heard and resolved.

Definitions

What is a grievance?

A grievance is any type of problem, concern or complaint related to work or the work environment.

For example, you could have a grievance about:

- a. Transfer or promotion
- b. Staff development or training availability
- c. Rosters or hours of work
- d. Wage or salary levels
- e. Leave allocation
- f. The work environment
- g. Safety in the workplace
- h. The nature of supervision
- i. Performance appraisal
- j. Discrimination or harassment.

A grievance may be about any act, omission, situation or decision that you think is unfair, discriminatory or unjustified.

Responsibility

The following people have responsibilities in relation to this procedure:

CEO
Manager Human Resources
Management Committee
Principal
Heads of Departments

Procedure

The following procedure sets out the way in which we will handle a complaint. Please use it if you need to. Do not let people get away with harassment and unfair behavior.

Employee Suggestion & Grievance box will be fixed at each Institution and which is will be monitored directly by HR Dept.

Employees can drop their grievance and which will be kept confidentially by HRD and corrective actions will be taken to resolve the issues.

1. Our Grievance Procedure is:

CONFIDENTIAL

Only the people directly involved in the grievance, or in sorting it out, can have access to information about the grievance. Information goes on an employee's personnel file only if they are disciplined as part of sorting out the grievance.

IMPARTIAL - All affected parties sides get a chance to tell their grievances. No -one makes any assumptions or takes any action until all relevant information has been collected and considered. All sides have access to support or representation if they want or need it.

FREE OF REPERCUSSIONS OR VICTIMISATION - Management takes necessary steps to make sure that people involved in a grievance are not victimized by anyone for coming forward with the grievance or for helping to sort it out. Any victimization will lead to disciplinary action.

However, if the grievance procedure is used by an employee to lie about someone, the employee too can be disciplined. Of course, if we decide that we need to take disciplinary action against someone for breaching any of our policies or standards, then we will do so.

However, we will do this fairly and consistently.

SENSITIVE - the people who help sort out grievances have been specially trained to treat all grievances sensitively. You won't be laughed at or treated badly for making a grievance, or for explaining your side of the story.

TIMELY - Management aims to deal with all grievances as quickly as possible. There are time limits for the different stages. The aim is to sort out all grievances within four weeks if at all possible. Most grievances can be sorted out even faster than this.

10.a. Disciplinary action

If the person sorting out the grievance decides that there has been a breach of one of our policies or standards disciplinary action shall be taken against the person.

If your grievance consists of lies, you can be disciplined. If the person or people you complained about are found to have committed a breach of one of our policies or standards, they can be disciplined.

Disciplinary Committee will be formed and Enquiry officer will be appointed.

The level of discipline will depend on such things as:

- a. The seriousness of the breach
- b. Whether they have been officially warned or disciplined before about this type of breach
- c. Whether there are any circumstances that mean they should not be disciplined at all, or
- d. Not disciplined so seriously.
- e. Discipline could involve one or more of the following:
- f. A written apology
- g. Counseling
- h. An official warning
- i. Loss of promotion rights or
- j. Wage/salary reduction for a specified period
- k. Transfer or demotion
- l. Dismissal.

If necessary further legal proceeding will be followed depends on the ground of complaint. A record of the grievance and the resulting disciplinary action will be placed on the personnel file of the person who is disciplined. The grievance handlers will also send all their notes and a copy of the record of the grievance to Manager Human Resources for filing.

Some Possible Outcomes

All records, including allegations, investigation reports, interviews and file notes will be securely kept within the Human Resources Department to ensure privacy and confidentiality is maintained for all parties involved.

10.b. Women in Work Place : To Work Without Harassment

On 13th August 1997, the Supreme Court of India held that sexual harassment of women is a violation of

the fundamental right of women to work in a safe environment. The Supreme Court has defined 'sexual harassment' to include

Physical contact and advances

Demand or request for sexual favors

Sexually colored remarks

Display of pornography

Any other unwelcome physical, verbal or non-verbal conduct of a sexual nature.

Often such behavior goes unpunished because of hesitation on the part of women to report such behavior out of a sense of shame or fear or both. It is important for women to protest against any behavior that they feel is unwanted and unacceptable. The Complaint Committee at Rathinam Group has been set up with the aim of providing women an appropriate complaint mechanism against unwelcome sexually determined behavior whether directly or by implication.

What should you do if you are sexually harassed?

Do not feel ashamed. Tell the harasser very clearly that you find his behavior offensive.

Do not ignore the harassment in the hope that it will stop on its own. Come forward and complain to the Complaint Committee.

Talk to somebody you trust about the harassment. It will not only give you strength but also help others in similar situations to come forward and complain.

Keep a record of all incidents of sexual harassment. If you feel the need to register a formal complaint later, this record will be helpful.

What action can be taken against the offender?

The Complaint Committee is deemed to be an Inquiry Authority for the purpose of CCS (Conduct) Rules, 1964 and the report of the Complaint Committee is deemed to be an Inquiry Report under the rules. After it has been proved that the offender has indulged in sexual harassment in the work place, appropriate disciplinary action would be taken against him irrespective of his status in the Institute (staff, faculty, student). Where such conduct amounts to a specific offense under the Indian Penal Code or under any other law, a complaint will be made to the appropriate authority for action in accordance with the law.

Care shall be taken by the committee to ensure that the victims of sexual harassment and the witnesses shall not be victimized while dealing with the complaint. The victims also have the option to seek transfer of the perpetrator or their own transfer.

The Role of the Committee

To act as Inquiry Authority on a complaint of sexual harassment.

To ensure that victims and witnesses are not victimized or discriminated because of their complaint. To take proactive measures towards sensitization of the staff, students and faculty members of our Institutions on gender issues.
